Re: Invitation to become a member of the Cities and Regions for Cyclists Expert group

Dear Nacho Tomás,

With the present letter I would like to welcome and invite you, as Secretary General of the Red de Ciudades por la Bicicleta, to become a member of the Expert group of the Cities and Regions for Cyclists global network.

The Expert group is composed of a selection of some of the most experienced individuals, both at technical and political level, promoting cycling within local authorities across the world. Your role as a member of the Expert group will be crucial for the development and the steering of the network in general terms as well as on specific topics.

During at least one yearly physical meeting and several virtual conference calls, you will be asked to deliver your advise on the strategic issues faced by the Cities and Regions for Cyclists network. Your inputs will also be requested and highly valued when it comes to developing and improving official ECF policies, strategies and recommendations regarding urban mobility matters.

I am personally and professionally looking forward to this collaboration to foster cycling in Cities and across Regions, always with one goal in mind: building a world where more people cycle more often.

Kind regards,

Niccolò Panozzo

Manager of the Cities and Regions for Cyclists global network
